ST. LOUIS.

ST. LOUIS, October 3.—The *Democrat* has a telegram from Little Rock, which says that D. P. Upham, a member of the Legislature, and F. A. McClure, President of the Board of Registration, were assaulted by the Kuklux in Woodruff county, to day, from the bush, while traveling through the county. Upham was wounded in the head and McClure slightly. This makes four members of the Legislature and two Registrars who have been assaulted by the Kuklux within six weeks, two of whom were killed.

A Cheyenne dispatch says that information from Fort Laramie states that several hundred Sioux, under Man-Afraid-of-his-Horse and other chiefs, now there, are ready to go on their reservation as soon as transportation is furnished.

A special to the *Republican* from Little Rock says the Registrars who were appointed for Bradley county, where the vote would be almost unanimously Democratic, returned yesterday, having refused to continue the registering of voters in that county. The postoffices and mail routes have been discontinued in many counties, so as to have the effect of stopping the circulation of Democratic papers, and the people are consequently almost without mail facilities.

The *Republican* of this morning gives a version of the shooting affair at Martinsburg, in this State, which differs from that telegraphed from Wellesville yesterday. The statement says that a young lad was allowed to stand by the registering officers and indicate who should be registered. This occasioned much dissatisfaction, and the letter previously referred to was handed to him, the reading of which led to an angry discussion, and Sam Fletcher taking an active part in it, the Sheriff ordered him to be quiet. He refused and was arrested by the Sheriff and taken away. A dispute then arose between a brother of Fletcher's and a man named Purdy, and both parties drew revolvers. Neither had fired, however, when Galloway shot and killed Fletcher. Marshall then fired at Galloway, who also fired, killing Marshall. The Sheriff and Fletcher then returned, and Galloway seeing Fletcher approaching, fired and shot him in the side, inflicting a wound from which he died in twenty minutes. Galloway is then said to have flourished his pistol and called upon some one to take up the fight, after which he went to Mexico, and when a warrant was issued for his arrest he could not be found.

The Rt. Rev. H. D. Juncker, Roman Catholic Bishop of the Alton Diocese of Illinois, died at Alton yesterday.

Gen. Grant was serenaded at the house of Gen. Sherman last night. He thanked the party for the compliment, but declined to make a speech. Gen. Sherman also declined to speak.

The number of registered voters in this city foot up nearly 32,000. There are about 600 names on the rejected list.

NEW YORK.

NEW YORK, October 3.—The friends of George Francis Train have nominated him as an independent candidate for Congress from the Fifth District, now represented by John Morrissey.

The Gamble poisoning case was resumed at Nannel, Rockland county, yesterday. Miss Julia McGuire, the friend of Mrs. Gamble, who occasionally visited her, concluded her testimony, and was subjected to a close cross-examination. Nothing of much importance was elicited.

The trial of John Doran, for the murder of Ellen Hicks, at Throgg's Neck, in August, 1866, was continued in the Westchester Oyer and Terminer, at White Plains, yesterday. The case for both the prosecution and defense was closed, and Mr. McKean commenced an elaborate summing up argument for the defense, which was continued until night had far advanced.

A horse disease has become epidemic in Suffolk and the western end of Long Island. Several valuable animals have died of it lately.

Yesterday a hotel keeper named Anton Schmit was arrested, charged by a boarder, named Koch, with robbing him of six thousand dollars in bonds and three hundred and fifty in gold. The money had been entrusted to Schmit for safe keeping, but he failed to account for it, alleging that his safe had been opened, which an investigation proved untrue.

For the present, all mails for the Pacific States and Territories, British Columbia, China, Japan and the Sandwich Islands will be sent from this city by the overland mail, by way of Chicago and Omaha. This arrangement includes all matter going to California.

There were seventy-four fires here during September, involving a loss of nearly $300 000. The ex-committee of the Women's Suffrage Association of Mount Vernon, of which Dorothy Ferguson is chairman, announce that the male electors of that school district have invited the women to take part in the nomination and election of school trustees, clerk and district librarian. The election will be held on Monday evening.

The *Herald* says the Treasury Department has put forth a semi-official document exposing erroneous statistics in Delman's recent statement. It claims that Delman failed to include a cash balance of $103,000,000 on hand in June. The public debt statement for September, it is said, will show an increased indebtedness of $4,000,000.

Attorney General Evarts and Representative Van Wyck, Halsey, Benton and Randall, of the sub-Committee on Retrenchment, met at the Astor House yesterday to investigate the alleged frauds in the Revenue Department. Mr. Jencks was not present. The proceedings were conducted with closed doors, and in the rooms occupied by Mr. Binckley, the person who was instrumental in causing the investigation to be made. It is understood that the testimony of the witnesses examined will not be of special interest. The examination will be continued to-day.

CINCINNATI.

CINCINNATI, October 3.—The first race at the Buckeye Course to-day was a dash of three miles, free for all ages, for a purse of $500. It was won by Skylight, beating Woolford Belle. Time—6:03½.

The second race was for a purse of $600, three best in five, in which nine horses started, was won by Easter Monday. Result: Marion 1, 1, 2, dis; Venus 2, 2, dis; Lancer 3, 3, dis; Easter Monday 4, 4, 1, 1, 1; Patrician 5, 5, 3, 2, 2; Lilly Gay 6, dis; Tom Porter 7, 7, dis; Hallibird's br. c., by Colossus, 8, 6, dis; Joyce's Sparkle was distanced in the first heat. Time—1:52½, 1:53, 1:57½, 1:56½ and 2.

The third race, for a purse of $100, mile dash, resulted as follows: Maggie Hunter 1, Ford's colt 2, Belle Farris 3, Cooke 4. Time—1:51.

The meeting, which closed to-day, has been an exciting and successful one.

MONTGOMERY.

MONTGOMERY, Ala., October 3.—On Tuesday the House turned out a Democrat and admitted a Radical to his seat. The Radical was a candidate in Jones county, and claimed his seat for that county. The Democrat was from Fayette county. The Legislature abolished Jones county, and the Radical claimed his seat from Fayette. The majority of Committee reported that the Democrat was elected by over 700 majority, and that his contestant was not a candidate against him at the election.

Gov. Smith is expected to-night. The registry bill, it is thought, will receive his signature, but is hardly probable that there will be an election for electors, as there is not now time to complete the registration.

It has been raining hard since yesterday, and the creeks are reported to be very high.

FOREIGN.

LONDON, October 3.—Mr. D'Israeli has issued an address to his constituents in Buckinghamshire, reciting the course pursued by the Ministry on the question of reform, the national finances, the relations between England and foreign nations, and the triumphant termination of the Abyssinian war. He comments at length on the reform project, gives its history, and recounts his objections thereto. He holds that the Ministry had a right to expect that the Whigs would wait and learn the temper of the new Parliament on that question, before pressing its consideration, but they saw fit to bring it before the House of Commons at the last moment, a bill severing the Church and State. The disestablishment of the Irish Church meant and included that movement. It involved also the stirring up of additional rancor and bitterness in Ireland. It would unsettle property and make confiscation contagious; and worse than all, it would give England over to Popery, and practically to the rule of a foreign power.

It is announced that the great powers of Europe will allow their diplomatic relations with Spain to remain in *statu quo*.

It is reported that a military and commercial treaty has been concluded by France and Holland, and Belgium is expected to join in its terms.

Perfect order reigns in Madrid, but at Barcelona the people have stoked the town hall and public buildings, and burned the statue of Queen Isabella. Count Chester, who sought to repress the riotous proceedings, was fired upon by the mob. He fled, and escaped under the cover of night.

Basalo has been appointed to the command of Catalonia, by the Provisional Junta.

PARIS, October 3.—The funeral of Count Walewski occurred to-day, the French ministers, the representatives of foreign powers and many other officers, including some American naval officers, attended in uniform. The streets through which the cortege passed were crowded with people.

WASHINGTON.

WASHINGTON, October 3.—The Postmaster General to-day awarded the contract for furnishing postage stamps to the National Bank Note Company of New York, although their bid was not so low as other companies.

The funeral of Rev. Dr. Gurley took place this afternoon.

Arrangements have been concluded between the Postal Departments of the United States and Great Britain, to take effect on the 1st of January, 1869, for the registration of letters conveyed between the United States, the British and West Indies, and the ports of Columbia, Bolivia, Peru and Chili, in the British mail. The registration fees are to be collected in the United States, on each letter at the rate of eight cents in addition to the rates of ordinary postage.

Fractional currency for the week, $710,000; shipments, $753,186. National Bank currency issued, $65 690. Fractional currency destroyed, $826,300.

NEW ORLEANS.

NEW ORLEANS, October 3.—A wind and rain storm commenced Thursday night and has raged ever since, with but short intervals, while a continuous east wind has forced back the water from Lake Pontchartrain through the canals and swamps, until the whole rear of the city is inundated with an unbroken sheet of water, which extends from Claiborne street to the lake. The water is pouring over the banks of the canal, and still rising. The Pontchartrain Railroad and several of the street railroads have been obliged to stop running, the tracks being overflowed. The rains have been heavy and general throughout the State for the past week.

PHILADELPHIA.

PHILADELPHIA, October 3.—The International cricket match between the All England eleven, and the American twenty-two, of Philadelphia, was started to day. The Americans won the toss and sent the eleven to the field. At 2 o'clock the first man appeared with the bat, and the game continued with several interruptions by the rain until 5 o'clock, when the stumps were drawn for the day. At that time there were thirteen wickets down and fifty-five arms. The best stands were made by Cadwalader and Morgan. The former, by a safe and steady play, scored fifteen, and the latter nine runs. Freeman's bowling was very effective. The game will be resumed Monday morning.

KANSAS CITY.

KANSAS CITY, Mo., October 3.—During a Radical meeting at the Court house in Independence, last night, pistols were fired from the outside, and a Mr. Weil wounded in the neck and leg. While a train of 150 Kansas City farmers was returning from the meeting, it was fired on by some wagon men on the roadside, but nobody was hurt.

INCREASE OF THE PUBLIC DEBT.

The official statement of Mr. DELMAR, Chief of the Bureau of Statistics, that the public debt will be increased fully $154,000,000 (*one hundred and fifty four millions*) at the close of the present fiscal year (June 30, 1869,) has excited the alarm of the Radicals, and is proving a document of such merit in the hands of the judicious men of our party at the North, that by all it is considered a fair offset to the lying statements of the Radicals as to the disposition of the people of the South, and the garbled speeches, letters and "talks" of FORREST, PIKE, WISE, COBB and TOOMBS. Even the bondholders can't stand the pressure occasioned by DELMAR'S publication. They fear the effects of it upon their European brethren; who, alarmed for the solvency of our securities under such gross legislative frauds as this discovers, will return the "promises to pay" in such a flood as to "make the best securities in the world" little else than waste paper. Then, too, the middle-class people of our country, who are not in the "ring" and know nothing of the intricate workings of the monetary machine—they are becoming restive, and seek to know a reason for this addition to the debt which the Republican orators promised was to be put in course of liquidation immediately upon the close of the war. They ask, Why is it that the debt is steadily increasing when in three years the people have paid in taxes $1,600,000,000? (*sixteen hundred millions.*) And if they only knew that, according to the confession of the present Secretary of the Treasury, it has cost the Government an equal amount to collect that *sixteen hundred millions*, they would ask in fear and trembling, If the country has paid in three years since the war *thirty-two hundred million dollars, a sum greater than the national debt by seven hundred millions, and all has been expended, sunk out of sight, and still the debt increases*, what is to become of the bonds we hold, these promises to pay in twenty and forty years after the war? With all the resources of a new country strained to their utmost tension to feed and pamper the most corrupt official system in the world, the creation of new offices and officers, and the maintenance of an idle navy and demoralizing army, What is to become of our public securities? is a question of magnitude to every man that owns a dollar, and to every man who does not, since a large proportion of the currency (that of the National Banks) is based entirely upon them.

Well may the Radicals start. They have sought to direct the attention of the people of the North from the real issues, by exciting their alarm of fresh rebellion by us of the South, and by disreputable subterfuges such as those of the Cincinnati *Commercial's* Tuskaloosa pictorial. At almost the last moment in the canvass the Democracy have published this strong document, and are giving it a wide spread circulation. The New York *Herald* still in the interest of GRANT, confirms the facts of Mr. DELMAR, and says it will be impossible for the Republicans to weaken its effects by any explanations they can offer.

The puny and wretched Radical press of this city and State, who have never risen above the stale repetition of the slanders they are subsidized to originate for Northern use, have not said one word upon a question of so great concern to the people of the whole country, for the reason that their masters beyond the Ohio, have not yet given them the cue. All are silent upon the statement of DELMAR, except the few who have too closely copied the blackguard sententiousness of GREELEY, and only respond to it "a lie! a lie! a Democratic lie!"

The thieves and vultures of the public crib are at bay, nonplussed, disconcerted and dumb.

THE RADICAL PROGRAMME.

"For the information, says the New "York *World*, of those who look upon "the Radical party as a religious con- "cern, a few facts may be stated in re- "ference to the programme of that party "in the South. Soon after the adjourn- "ment of Congress, there was a gather- "ing in Washington of a few of the "leading spirits of the Radical party, "who, upon consultation, agreed that "nothing short of a few Southern hor- "rors would enable them to succeed. "Two or three 'carpet-baggers' were "sent for and consulted as to the best "course to get up these horrors. It was "decided that measures should be taken "to goad the Southern people to an ex- "tent that would compel them to retali- "ate upon the negroes. If necessary, "the negroes should be induced to com- "mit the first outrage in a manner that "would force an attack back. This, "they believed, could be managed so as "to throw the blame upon the white "citizens. So completely has this pro- "gramme been inaugurated in the "South, and arranged in all its details, "that if a negro or a carpet-bagger ap- "plies the torch to the house of a white "citizen, and the latter lays his hand on "the negro, it is paraded all over the "North, in the Radical prints, as a rebel "outrage, and evidence of the existence "of rebellious spirit. Facts have been "recorded which show that the recent "affair in Georgia was pre-arranged by "the Radicals. The time was selected "so as to have it operate upon Congress "when it assembled on the 21st. Those "who planned it believed that through it "Congress could be induced to remain in "session. This, however, is only the "commencement of their schemes to "get up harm. It is through scenes of "blood that they expect to win, and "care nothing about killing a few ne- "groes or white citizens, if through it "political success is obtained. We re- "member well the fact that during the "border-ruffian excitement in Kansas, a "prominent Republican, who is now a "shining light in the Radical party in "Pennsylvania, stated, when the news "came of two or three persons being "killed, 'that it was the best news he "had heard since the commencement of "the campaign. *He hoped two or three "hundred people would be killed, for it "would make the success of Fremont cer- "tain.*' He then added, '*I will give "$2000 towards a fund to hire a few "roughs to go to Kansas, play the border "ruffian, and kill a couple of hundred of "the residents of that territory.*' This "was the spirit of Republicanism du- "ring the first year of the formation of "that party. It is useless for the Radi- "cals to claim that this man did not "represent their party. For, at this day, "the person who made that utterance is "paraded in the Radical press as one of "their purest men. If he is the purest "what must be the others? If this was "the spirit of the leaders of that party "then, what may not the public expect "now that they have been fattening on "the national treasury. The public may "therefore look out for the heralding of "all manner of outrages in the Radical "press. A prominent Radical remarked "a few evenings since, at the Fifth Ave- "nue hotel: '*We have prepared a rebel "outrage once a week from now until "election day, if it is found necessary.*'"

THE LATE GEN. HINDMAN.

We publish the following from Mr. L. H. MANGUM, of Helena, Arkansas, correcting some errors, as he says, of our hurriedly written and brief sketch of the late Gen. HINDMAN, who we understand to have been murdered in cold blood by Radical instigation:

Gen. Hindman and Gen. Cleburne never were partners; Gen. Hindman never *precipitated* Gen. Cleburne into any difficulty. The difficulty which I suppose you alluded to, in which they were engaged as friends, Gen. Cleburne was not convinced that Gen. Hindman acted *unbecomingly*, but quite the contrary, for he was convinced that Gen. Hindman acted as a true and gallant gentleman. Gen. Cleburne frequently so expressed himself afterwards. I was on the most intimate relations with both of those gentlemen from 1858 up to the time of their respective deaths, and I know that they were on the most friendly terms up to the breaking out of the late war, at which time there was a misunderstanding between them, which was shortly afterwards explained and they remained friends during their lives. Gen. Cleburne and myself being law partners before the war and serving with him as a staff officer during the war, no one had a better opportunity of knowing his feelings towards Gen. Hindman than myself. As an evidence of their kindly feelings towards each other before the war and after the difficulty alluded to, Gen. Hindman having abandoned the practice of law, and devoting himself solely to politics, made our office his headquarters and always advised with Gen. Cleburne upon all important matters connected with his life, having the utmost confidence in Gen. Cleburne's sound and cool judgment.

Of course we had no intention, in any of our statements, of reflecting upon the deceased gentleman, with whose family and friends we deeply sympathize. Indeed we were careful to apply for facts as to the General's life to such sources of information, at a late hour at night, as we thought reliable. Since the reception of Mr. MANGUM'S letter we have had the statements of our "brief mention" reiterated, all but that as to the partnerships. However, we do not wish to provoke controversy on the subject, and would rather confess ourselves and friends in error than disturb the repose of one whom we repeat, we have ever regarded an able lawyer, a brave soldier and faithful son of the South.

THE ELECTIONS ON THE 13TH INST.

The New York *Herald*, expressing the convictions of a majority of our people, just before the Maine election, in an elaborate article, said that a Radical victory in any of the New England States would be without significance. From that article, as having *pointed* "significances" for the Democracy, we quote as follows:

We find, then, that Vermont, which led off in the election of 1862, gave twenty-six thousand Republican majority, being an increase over its majority for Lincoln in 1860. Maine followed with thirteen or fourteen thousand Republican majority. But when the October elections came, Pennsylvania, which had given Lincoln sixty thousand majority two years before, turned over to the Democracy by nearly four thousand majority; Ohio changed its twenty thousand for Lincoln into six thousand for the Democratic ticket, and Indiana, which had given Lincoln twenty-four thousand over Douglas, elected Democratic officers by ten thousand majority. This was the beginning of the revolution, and it was followed by similar results in other great States, so that had a President been elected in 1862, the Democrats would have been successful by the following electoral vote, based on the elections of that year:

DEMOCRATIC.		REPUBLICAN.	
New York	33	Massachusetts	12
Pennsylvania	26	Missouri	11
Ohio	21	Iowa	8
Illinois	16	Michigan	8
Kentucky	11	Wisconsin	8
New Jersey	7	Maine	7
Maryland	7	Connecticut	6
		New Hampshire	5
		California	5
		Vermont	5
		Rhode Island	4
		Minnesota	4
		Delaware	3
		Oregon	3
		Kansas	3
Total	134	Total	92

In that election Missouri was carried by the emancipationists, and Delaware, although electing a Republican Governor, cast a Congressional majority for the Democrats. It will be seen that neither Vermont nor Maine afforded any indication of the great change about to take place in the political sentiment of the country, but that the revolution commenced with the October elections. It will be the same this year. Vermont amounts to nothing. Maine is important only in so far as the Democrats have made a hot contest there, and may be discouraged by a bad defeat. But on the 13th of October, when the voices of the men of iron, the Hoosiers and the Buckeyes, make themselves heard, we shall know whether the Radicals are to be buried from power.

MR. GEO. D. PRENTICE.

We have pleasure in publishing the following, from the Louisville *Journal*, of Saturday, and unite with the co-editors of Mr. PRENTICE, in wishing for him a long lease of life and unimpaired usefulness in the profession he has so long adorned:

PERSONAL.

Some intermeddling gossip concerning the senior editor of the *Journal*, to which a city contemporary yesterday gave prominence, makes it proper to be said in these columns that Mr. Prentice's relations with the *Journal* are not dissolved, that he holds on the paper the place which he has ever held, and that it is the sincere desire of all connected with the paper that he may hold the place as long as he lives, as it is their earnest prayer that his days may be long and pleasant in the land. Thus much is due alike to Mr. Prentice and the *Journal*. We deeply regret that the intermeddlesomeness of outsiders has rendered necessary even a word. In view of one aspect of this intermeddlesomeness, it may be proper to add that Mr. Prentice is neither broken down nor poor; that his means are not only comfortable but affluent; and that he is quite able to live independently of his connection with this or any other journal.

IMPORTANT FOREIGN NEWS.

The attention of our readers is particularly directed to our telegraphic columns this morning. The Madrid dispatch is especially interesting, and important, as is that from London, in relation to Spanish affairs, and the effect that the success of the revolution is having on the policy of France.

THE WATERSONS.

The *Bulletin* in its zeal to champion the cause of Mr. PRENTICE, who as an Editor, "still lives," yesterday made use of language in regard to Mr. WATERSON, of the *Journal*, that is not warranted by that gentleman's life as a journalist. Both the WATERSONS—father and son—are known in this State, the one as a statesman of no ordinary character and worthy the esteem of the present administration, the other as an industrious, pains-taking and clever journalist, who in the improvements discernable in the the columns of the *Journal*, since his connection with it as Managing Editor, has proven himself far above the mere penny-a-liner.

GEORGIA DEMOCRACY.

The Central Executive Committee of the State of Georgia have recently issued an address to the people, from which we make this extract, for the information of our readers:

We intend no war—we meditate no revolution—we want no civil strife. We are for peace and intend to keep the peace, and will not break it if not forced to do it in self defense and for self-preservation.

We counsel and exhort our people to forbear all acts of violence upon the colored race, even to endure provocations, which they would not tolerate under other circumstances. They are ignorant, and led on by designing white men, to make threats and to commit acts of indiscretion for the purpose of producing collisions between them and the white people—and to resist them by violence will be to enable their white leaders to accomplish their object. For this and other reasons, we counsel the utmost forbearance which can be exercised.

We advise our people to accord to the freedmen all the rights and privileges which the present laws secure to them. Withhold from them no right to which they are entitled. Let them not be obstructed in the exercise of any privilege which the laws give them. Under our present laws they are entitled to the right of suffrage. Let them enjoy it freely, voluntarily, and without molestation. On the day of the approaching election, to avoid conflicts, the polls should not be and will not be occupied by one race to the exclusion of the other; but arrangements will be made whereby all who are legally entitled to vote shall exercise that privilege, and we believe that our people have the magnanimity to see to it that no freedman, who is entitled to the right of suffrage, is debarred from his free exercise of that right. This is our counsel and advice, and we trust and believe that it will be heeded.

Having made known our true position in regard to the reconstruction measures of Congress, and the protection which is due to the free born in the enjoyment of their rights and privileges, we assure the people—all the people of every name and persuasion, North, South, East, West—that these are our views—the views of the Democratic party of Georgia, and any representations to the contrary are untrue, and do us great injustice.

MADRID, October 4.—Marshal Serrano, accompanied by seven Generals of the army, entered Madrid to-day in triumph. Great preparations were made for his reception; streets and buildings, public and private, were superbly decorated; a large civic and military procession escorted the Generals through the city. The houses, sidewalks, and public squares along the route of the procession, are crowded with citizens who received Serrano and the Generals with the wildest enthusiasm. The procession was followed by a parade and review of the national guard. This was a great patriotic display, and was made the occasion of striking manifestations of popular good will. The troops carried side by side with them banners which were inscribed "Down with the Bourbons," "Religious Liberty," "Free Education," and other mottoes of a similar character.

At the termination of the review Marshal Serrano made a patriotic address to the immense multitude of citizens and soldiers, in the course of which he announced that he had united with Gen. Prim in calling Marshal Esparteras, Duke of Vittoria, to the head of the State.

The formation of a new Cabinet has been completed, and is composed as follows: Marshal Serrano, President; Castello, Minister of Commerce; Topete, Minister of Marine; Aguerre, Minister of Justice; Gen. Prim, Minister of War; Olayaga, Minister of Foreign Affairs; Aradomadez, Minister of Finance.

NEW YORK.

NEW YORK, October 4.—The 10:30 westward train on the Erie Railroad ran off the track at Rockensack Junction yesterday afternoon. The engineer, discovering that the switch was wrong, reversed the engine so suddenly that one rail was torn up and the train thrown from the track. The locomotive ran into the station, completely demolishing the building. Four persons were in the station at the time, one of whom had an ankle broken, another an arm, and the other two were considerably bruised. No one was hurt on the train except the engineer, who was slightly bruised.

TELEGRAPHIC.

Reduction
—OF THE—
RATES OF TELEGRAPHING!

[CARD.]

OFFICE OF THE SOUTHERN PACIFIC AND ATLANTIC TELEGRAPH COMPANY,
MEMPHIS, October 1, 1868.

TO THE CITIZENS OF MEMPHIS:

It is with pleasure that the Southern Pacific and Atlantic Telegraph Company announce that the office in the city of Memphis will be opened at No. Eighteen (18) Madison Street in a few days, for the reception and dispatch of telegraphic messages.

When the office is opened, the citizens of Memphis will enjoy the same reductions in the cost of telegraphing which have, at all times, followed upon the extension of the wires of this Company to other cities.

The rates will be announced upon the opening of the office, and the reduction will be in the same proportion to rates heretofore prevailing as those which have been made at other points.

The people of Memphis should not fail to bear in mind that reductions in the charge for telegraphing are, and always have been, the result of the building and completion of a competing telegraph line, and that in the patronage extended to such a company lies its ability to continue to, and increase for the public, the benefits arising from low charges for telegraphs.

The Southern Pacific and Atlantic Telegraph Company would therefore respectfully solicit from the people of Memphis the same generous patronage which has been at all other points extended to it, and secured to the citizens of other cities, a permanent cheap rate for telegraphing, beside creating from competition greater correctness and rapidity in the transmission of messages.

MESSRS. D. ASTE & CO., have our thanks for a bottle of St. Bernard bitters—and very elegant bitters they are too.

MORAL AND QUIET.—There was not a single arrest in the First District yesterday, and only three in the Second. This is a very gratifying condition of affairs—but fearful on news-gleaners.

THE GRAND LODGE of Masons, of the State of Tennessee, meet to-day in Nashville. Four to five hundred delegates from all parts of the State are expected to be present.

WE HAVE received from W. H. Bates, Esq., a copy of the list of prizes and premiums offered by the Shelby County Agricultural society, at the coming fair. It is a handsome pamphlet, and reflects great credit on Mr. Bates' typographical skill.

BOLD ROBBERY.—A few nights since, some thieves went to the house of D. Frank, No. 103 DeSoto street, and took away, bodily, all the furniture of a front room. On Saturday night the same enterprising cusses went back and stole a stove. While they were bringing their plunder away they were overhauled by Officers Bishop and Crupper, who arrested them and brought them to the lower stationhouse. Here they turned out to be Wash Walker and Geo. Cooper, two well known negro burglars.

THE TEXAS TONIC SYRUP.—Having had indubitable evidence of its prompt and certain effects from the testimony of a multitude of respectable citizens, among whom is classed some of our best physicians, we do not hesitate to recommend this preparation in all cases of fever and ague and chills and fever. No arsenic, or any other poison, enters into the composition of the Texas Tonic Syrup. It is purely vegetable, and never fails to cure the most obstinate case of chills. We have known one single bottle to cure two or three cases, therefore the sign boards declare the truth, "*Texas Tonic Syrup* cures chills and fever."

For sale by all druggists.

ARE YOU PREPARED TO DIE?—Sunday, above all other days, has a peculiar influence upon all Christian people. There are few men who would not feel, by some innate but unaccountable sensation, the presence of the Sabbath day, even had they lost all idea or knowledge of time. The Christian on this day, as on all others, should ask himself these questions: Am I prepared to die? Is my house in order? Have I done all in my power to please my Maker? Have I left my family provided for? We hold that no man who has not his life insured, has done his duty to his family. This is a matter that will admit of no delay. Call on McClure & Caskins, agents of the New York Life Insurance Company, and secure for those you love a competence ere it is too late.

PHOENIX MUTUAL LIFE INSURANCE COMPANY.—The advantages arising from life insurance are too many and too obvious to need demonstration. Within a few years the importance has increased to such an extent that it is now the exception, and not the rule, to find those who have not taken out policies on their lives. Among those companies which have assumed the greatest proportions, and have distributed the greatest advantages, is that whose title is at the head of this article. Its terms are more liberal than any other, and its capital has increased in magnitude as its business has prospered, and it is second to none in responsibility. It is represented in this city by Messrs. C. Nourse and Mathews, whose office is on Jefferson street, between the APPEAL and *Avalanche* offices, where their customers will be courteously attended to and liberally dealt with.

The greatest variety of business suits can be found at Robeson, Sneed & Cos., 261 Main street.

WHEN the Planation Bitters were first made known to the American people some seven years ago, it was supposed they were an entirely new thing, as no real use in the United States is concerned, this may be true. It is also true that the same bitters were made and sold in the island of St. Thomas over forty years ago, as any old planter, merchant or sea Captain doing business with the West Indies, will tell you. It is distinctly within my recollection that on the return of my father (who was a sea captain, and doing an extensive trade in the tropics,) he would invariably have the bitters among the ship's stores, and our family sideboard was never without them. For any sickness, it matters not how severe or trifling, the decanter of these bitters, by a different name, was always resorted to as a sovereign remedy.

RITUALISM IN MEMPHIS.

Second Celebration of Mass at the Church of the Blessed Virgin.

Immense Concourse of Worshippers.

The Reverend J. W. Rogers yesterday celebrated, at the Greenlaw Opera House, in the presence of a vast concourse of people, the services of the Anglican Catholic Church, for the second time in Memphis. For the benefit of those of our readers who did not see the report of the first service, and who are unacquainted with the peculiar rites and ceremonies of this branch of the Anglican Church, we reproduce that portion of our first report. The congregation was yesterday larger by at least one-third than on the previous occasion. As in that instance, it was also composed largely of ladies, among whom we recognized several from St. Peter's.

In the choir were only two singers and an organist—the instrument used being a parlor organ of extraordinary sweetness and power of tone. The scenic and drop curtains were rolled up, and the stage served as a chancel, in which, against a dark and sombre woodland scene in which the artist had depicted a single rift showing the blue sky, stood

THE ALTAR,

which, with the super-altar, was draped in dark green with a white cross in the center; the whole profusely ornamented with rare and beautiful flowers. The super-altar was surmounted by a plain

CROSS,

apparently about six feet high, on either side of which was a trinity of

CANDLES,

which at the beginning of the service were devoutly and reverently approached and lit by four

ACOLYTES,

dressed in a purple soutan, over which was a thin lace surplice. After lighting the candles they retired, and

THE PRIEST

dressed in stole and surplice, in solemn procession, preceded by the Acolytes bearing censers of burning

INCENSE,

entered, and, amid the rolling aromatic vapor, reverently kneeled at the altar, and devoutly saluted it. The usual morning services were intermitted, and the exercises of the day commenced with a Litany, which was not intoned, in consequence, we suppose, of the choir not being yet prepared. After the Litany the Priest advanced to the

LECTURN,

in front of the chancel, which, in like manner with the altar, was draped in dark green, marked in the center with a white cross, and delivered a sermon. In consequence of the difficulties attending reporting such a ceremony in so novel a place, we were unable to catch the text, but the following is the drift of the

THE SERMON,

which was the second of the series of "*conferences*" on the "works of our blessed Lord," commenced last Sunday. The peroration was that the conflict now going on, is not between high church and low church, but between Rationalism and the Catholic Faith—hence the necessity of the union of all who receive the Nicene creed. The subject of the discourse was Christ's great work of founding the apostolic college, whose peculiar function was the power of ordination. Twenty-two members of this college are enumerated in Scripture. St. Peter was given precedence for the sake of discipline, but the power of ordination rested in each of them. As St. Paul withstood St. Peter, face to face, the Greek and English Church withstood the Holy Father. They have retained the Faith and the Orders, and the responsibility of the breach of discipline is either on the Holy See for oppressing them beyond the power delegated, or on the aforesaid Churches. The Judgment Bar will try the case.

Wesley, Whitfield and Morgan roused the Church of England from lethargy; but being Presbyters, had no ordaining power, or at least a doubt must arise, to speak modestly, as to their having possessed that power. Be this as it may, brethren in CHRIST must all find a common ground of union, since the very citadel of Christianity is attacked by Rationalism. The speaker read extracts from various memorials on this subject—that of the High Church of England to the Greek and Roman Church, and a like memorial from Episcopalians of all grades of churchmanship, to the Methodists in this country, and he spoke in a feeling manner of the kind and Christian answer of the Methodists. He then, in conclusion, made a rapid review of the rise and progress of Christianity as contrasted with all the schools of philosophy, proving it a living and stupendous miracle, built upon the power of the Holy Ghost through the incarnation.

The usual voluntary was played at the close of the sermon, and the collection of contributions made by the acolytes. Before dismissing the congregation, the Priest announced that twenty boys of Christian training and habits were wanted as choristers for the church.

MONEY ORDERS.

The Establishment of New Offices in Tennessee.

New money order offices have been established at the following places in Tennessee, to take effect to-day: Bolivar, Brownsville, Covington, Dandridge, Fayetteville, Humboldt, Jackson, La Grange, McMinnville, Paris, Somerville, Trenton, Union City and Winchester.

In addition to the above offices, the following have been in operation for some time past: Athens, Bristol, Chattanooga, Clarksville, Cleveland, Columbia, Franklin, Gallatin, Greenville, Jonesboro, Knoxville, Lebanon, Memphis, Murfreesboro, Nashville, Pulaski and Shelbyville.

The rates of commission charged for money orders have been reduced to the following schedule;

Amounts not exceeding $20.....10 cents.
Over $20 and not exceeding $30.....15 "
" $30 " " $40.....20 "
" $40 " " $50.....25 "

No fraction of cents can be introduced in an order. Only United States Treasury notes or National Bank notes are received or paid.

The following instructions are of importance;

No applicant can obtain, in one day, more than three orders payable at the same office and to the same payee.

The applicant must, in all cases, write his own given name and surname in full, and when the given name of the payee is known, it should be so stated; otherwise initials may be used. The given names of married women must be stated, and not those of their husbands. For example: Mrs. *Mary* Brown must not be described as Mrs. *William* Brown.

Names of parties and places and the sums, to be written in the plainest possible manner.

As there are several places of the same name in the United States, applicants must be careful to indicate which of them they mean; and the postmaster will satisfy himself before writing out the order that the place indicated is the one intended.

Best Prints, 12 1-2 cents; good 4-4 Brown Domestics, 13 1-2 cents; best yard wide Brown Domestics, 18 cents. J. H. Loewenstine & Bros., Clay Building. This stock must be closed out.

The Atlantic and Great Western Broad Guage Railway.

Editors Memphis Appeal:

Every line has advantages peculiar to itself, which render it in some particulars preferable to other and competing lines, but the Atlantic and Great Western line can fairly claim a combination of advantages such as is not to be found on any other route, and such as clearly entitle it to the regard it has won from the traveling community. It has an uninterrupted broad guage steel rail track, the entire distance from Cincinnati to New York, and can run their passenger trains the entire distance between the two cities without change, and without the use of the compromise wheels, which all of its competing lines are obliged to use. The coaches of the Atlantic and Great Western Railroad are one third larger than any others in use in the United States, giving proportionately more comfortable accommodation to each passenger, than can possibly be given by any other line. It is no exaggeration to call such an advantage, peculiar to this line alone, a feature of paramount importance. All along this line there is the most beautiful scenery, acknowledged on every hand to be unsurpassed in this country; and, above all, safety from accident and danger, hardly paralleled in the history of railroads. Passengers can rely on making direct connections with this new and favorite route; and find tickets on sale in all ticket offices of connecting lines in the South and Southwest.

RIVER MATTERS.

WEATHER AND RIVERS.

CAIRO, October 4—Up—Vicksburg, 8 p.m.; Lady Gay, 11 p.m. Down—Grand Lake and Boaz, 8 p.m.; Mary Alice, 10 a.m.; City of Cairo, 1 p.m.; Shreve, 5 p.m. River fell 3 inches.

MEMPHIS, October 5.—Weather again clear and pleasant. The river at this point is rising, but not so rapidly. All the upper streams are falling except at Cairo, where the rise has not yet run out. For want of a City Surveyor or any permanent water marks at this city by which the daily rise and fall can be accurately ascertained, we are frequently at a loss to tell what the river is doing, but it is still fully 14 feet below high water mark of last year.

MISCELLANEOUS.

The Natoma brought in 115 bales of cotton and the Mollie Hambleton 211 bales. This is the largest trip of the season. The Mollie goes to Madison this trip.

The Liberty made a flying trip, arriving last night about 9 o'clock from White river.

The Belle Memphis had not arrived at a late hour last night. The arms she is said to bring to the Loyal League will no doubt be received to-day.

The Mayflower did not get away Saturday night, owing to some repairs which were necessary. She no doubt left last night.

The elegant United States mail packet, Liberty, Capt. Rice, with Mill Harry and Charley Sharp in the office, will leave to-morrow for all points on White river.

The gay Silver Moon, Capt. Ben Merrieles, gets away to-morrow for Cairo, Louisville and Cincinnati. She is the only packet for the Ohio in port.

The Mollie Hambleton, Capt. Tom Bowman, backs out to-morrow for the St. Francis river. She is a comfortable packet. Mr. Paine is chief clerk.

While the Mayflower lay at the wharf last night religious services were held in her cabin. The friends of Capt. Ashford, Dave Hukill, Tom Kirnan and Jim Sayres were rejoiced to see that they were among the most attentive listeners to the able sermon delivered on the occasion.

The towboat J. N. Kellogg came up on Saturday night. She landed her barges above the point and dropped down to our levee, where she was repairing all day yesterday.

The fine steamer Des Arc, Capt. Jno. Elliott, with Joe Elliott and Matt Glass in the office, leaves on Tuesday for White River, making all way landings.

The Natoma, Capt. Lee, is the regular Friar's Point packet for this evening. She leaves promptly on time. Billy Fields, Sterling Whitehead, and Stack Lee, are clerks.

The magnificent Belle Memphis, Capt. Geo. Crane, came in last night and leaves this evening for Cairo and St. Louis. This line is doing a large business, in which fact we rejoice. Its officers are all popular; not the least so is Billy Bleuker, clerk of the Belle.

The Ruth was due down last evening, and the Olive Branch up. Neither had arrived at dark.

Capt. Jim Pepper is at Cairo, and will take the Thompson Dean to St. Louis, where she will load for New Orleans.

Capt. Bradley reports the cabin of the J. P. Webb, when it was carried off on the rise, let up large lots of freight, which floated down stream but a few hundred yards before a hundred "Arabs," in skiffs, gave chase, landed, and pilfered the whole lot, and made for their holes.

The Argonaut left Louisville on Saturday for White River, in which trade it is said she will continue.

The Ohio river has flooded the Scioto bottoms completely for some three miles up that stream, and the corn crop—one of the heaviest ever produced in this land—is lost, beyond all hope. The loss on the New York Company's land alone will be 20,000 bushels.

Capt. Gregg, of the Champion, died at Dayton, Ohio, of typhoid fever on Thursday last.

The Minneola for this port, the Cora S. for Arkansas river, and the Luminary and Westmoreland for New Orleans, were to have left Cincinnati Saturday night.

Capt. John T. Root has purchased one-half of the Lizzie Hopkins, now at New Orleans, for the sum of $13,000.

The Great Mississippi, Capt Nat. S. Green, with Cook Creighton in the office, will leave this port on Wednesday for Vicksburg and New Orleans, making all way landings.

The H. M. Shreve, Capt. Carter, leaves this evening for Vicksburg and the bends. She is a good packet, and her chief clerk, Mr. Henry M. Worsham, is popularly known in Memphis as an obliging officer.

At a Democratic parade in Louisville on Thursday, thirty-seven Indiana girls rode in the procession on horseback. They came over from New Albany, clad in butternut riding habits, wearing upon their breasts, as insignias, the names of the thirty-seven States, and each escorted by a "white boy in blue."

The Luminary, Capt. Luker, will pass up today at 5 p.m. for Cairo and St. Louis. Lee Finney is her clerk.

The Shreveport *Southerner* says: The river at this point, since our last issue, has risen about two feet, and still rising. There have been heavy rains above the raft, and a rise of about ten feet at Long Prairie. Rains have been general throughout the country, and the present heavy one at this point will probably put the the river in a good navigable condition. The navigation has been very bad below, but must be improving from the rise here. The boats secure good freights of cotton, but are obliged to wait some days to gather them.

The Cairo correspondent of Cincinnati *Commercial*, under date of the 1st says:

This rise may be called the second "pumpkin rise," as I believe there was a similar one many years ago, when the river was thickly strewn with that vegetable. During the past two days many pumpkins have been floating past Cairo, and no doubt there have been many of them caught at points above, and used by the finders. Those which pass here have been too long in the water to be of any use.

The Columbus, Ga., *Sun* of the 2nd says:

The two new boats which the Central Railroad has placed upon our river have been for some time at Apalachicola. One was to have started for this place on yesterday. Our understanding is that one steamer is to ply between Apalachicola and Bainbridge, carrying the mail, and the other between the latter place and Columbus. They are said to have iron hulls and to be elegant boats.

FINANCE AND TRADE.

FINANCE.

OFFICE OF THE DAILY APPEAL, }
MEMPHIS, October 3, 1868. }

Outside the transactions in exchange, there was nothing of note transpiring in our money market to-day. Collections were reported very fair, though in some cases additional time was asked for. Offerings of exchange were in the aggregate large, but were mostly in small bills. There is no change to report in rates, though on Monday all cotton bills will be taken at a discount of ½c. This has been found necessary as the demand for exchange is so light that currency has to be brought on by express, and the old rate barely pays the charges. One of our banks received $30,000 in this way yesterday, and henceforth all will be receiving currency daily in a similar manner. We quote selling on all Eastern points at $1 25 to $2 00 premium per $1,000.

A sale of 40 shares Memphis and Ohio Railroad stock was reported at 10½c. This, we believe, is an advance of ½c. There is an active demand for first and second mortgage bonds of this road. Louisville parties have bought up something over $400,000 of these bonds during the past summer at 30c for the former and 40c for the latter. These bonds, we learn by private advices, are now worth 45@50c respectively in New York. A small sale of Memphis and Little Rock Railroad bonds was effected by a broker yesterday at 40c. A rumor was current upon the street that $50,000 in these bonds were sold in New York within the past day or two at 51@5c. Southern securities are tending upwards, evidently, and holders are not at all anxious to sell. We could learn of no transactions in city bonds, though they are firm, with no offerings, at less than 85c, at which rate there is some disposition to buy.

City Scrip, County Warrants, School and Police Scrip, are all steady at former quotations.

Gold opened to-day at 140¾, at noon had advanced ⅝c, and closed as it opened. Rates are nominally 138@ buying, and 139@139½c selling in this market.

In view of the natural and probable movement of money for a year past, says the *Stockholder*, we are satisfied that the West, the grain growing portion of the country, holds at present the great bulk of the national bank notes. There are obvious reasons for this. The yield of cereals and other products in the West last year, though not equal to that of the current season, was nevertheless large. It commanded high prices generally. The East, or manufacturing portion of the country, did not do a profitable business last year.

The West was not a free purchaser of fabrics, domestic and imported, the manufacture and sale of which make so large a portion of the business of the East. Ye, from necessity, the East was a large purchaser of Western products, forming as they do the staples of life. The South has been poor for the past year. The cotton crop, which brought such fine prices after the new year, was gathered and sold at a loss. Middling upland cotton was selling in this market in November at 14½@ per lb., currency, a sum for which cotton cannot be grown, ginned and baled, to say nothing of transportation and allowance for the capital employed in its culture. The South has been therefore poor—want of money has been the complaint in all parts—all the spare money has gone to buy food. From this quarter therefore the West has been the recipient of money.

The result of all this has been to throw the bulk of the money into the West, and there it remains mainly in the shape of national bank notes, but still with a large infusion of legal tender in circulation.

COTTON.

The Liverpool market at the opening to-day was buoyant; Uplands, 10½@10¾d; Orleans, 10¾@11d; Uplands afloat, 10d; and closed buoyant, with sales of 20,000 bales; Uplands, 10¾d; Orleans, 11d.

In the New York market at the opening holders were asking an advance, but buyers were operating with caution; Low Middlings, 26c; Uplands, 27c; Orleans, 27¼c; Good Middlings, 29¼c. The market was firm at the close, with prices unchanged. The week's receipts were reported at 1800 bales; against 20,970 bales. Week's sales, 13,000; exports since September 1st, 9280; stock, 5000. Week's receipts at all United States ports, 37,000 bales.

Our market exhibited very little which would distinguish it from that of the previous day, except, perhaps, there were a few more "guerillas" around, who were picking up bargains. A few of the regular buyers were also on the market, but they did not show much disposition to take hold, probably because it was the last day of the week, or probably for want of orders. Fine cottons, however, are in demand. Prices were some better than yesterday, as will be seen by the following sales: 1 bale Ordinary at 21c; 3 bales at 21c; 9 bales Good Ordinary, 22c; 4 at 22c; 6 at 22½c; 2 at 22c; 17 at 22¾c; 20 at 22¾c; 2 at 22c; 3 at 21½c; 15 at 23½c; 3 at 23¾c; 8 at 22½c; 8 bales Low Middlings, 23c; 5 at 23¼c; 12 at 23c; 9 at 22¾c; 2 at 22½c; 3 at 23c; 13 at 22¾c; 3 at 23c; 27 at 23c; 2 at 23¼c; 3 at 23¾c; 2 at 23¼c; 12 at 23c; 5 at 23¼c; 12 at 23c; 2bales Middlings, 23½c; 24 at 23¾c; 64 at 23½c; 23 at 23½c; 2 at 23¾c; 17 at 23¾c; 2 at 23c; 3 at 23½c; 2 at 23¾c; 2 at 23¼c; 2 at 23¾c; 6 at 23¾c; 3 at 23¾c; 2 bales Strict Middlings, 24c; 2 at 24c; 3 at 23¾c.

Almost every day brings with it some new face or other that is well known and very welcome to those who have remained at home. Yesterday Messrs. B. Babb and E. Warburg returned, both having been some time absent. The former gentleman has visited all the important manufacturing towns on this continent, while the latter has during his absence renewed old friendships and visited familiar scenes in the old world. They are both large cotton buyers, and we welcome them back. Mr. Bachie also returned yesterday, and will soon commence operations in the staple on an extensive scale.

TRADE.

Business was fair to-day in all its various branches. Prices are firm and still tend upwards on corn and oats, while meats are steady and in demand with stock tight.

As an evidence of the better feeling in mercantile circles, we note that many stores which have been empty heretofore are being put in order for occupancy, and even those situated in out of the way places, are finding renters. Among the removals of the week we remember those of Ferguson & Clay, who now occupy the store immediately south of their old stand on Front street; Mayer & Marshuetz have removed from the corner of Jefferson and Second to Main street, between Madison and Monroe; the well known house of Galbreath, Stewart & Co., on Union street, have removed into their new building, which is, without exception, among the largest and most commodious business houses in Memphis, and only commensurate with the trade so deservedly enjoyed by this firm; Meacham & Treadwell, next door, have a house similar in size, which they have recently moved into.

MEMPHIS, October 3, 1868.

Editors Appeal: Allow us as one of the mercantile firms of Memphis, to thank you for the editorial in this morning's APPEAL headed "Memphis as a Market." The facts set forth in that article are indisputable, and if weighed carefully, as should be the case, by thinking men, will do more for the advancement of this city than anything we have seen in our papers for a long time. We hope similar articles may appear in your paper from time to time. Yours respectfully,

TOOF, PHILLIPS & CO.

It is the intention of the editors of this paper to make it not only the medium through which the latest news from all sections of the country can be obtained, but advance of all others, but the interests and welfare of her merchants, which have been so long neglected, shall ever find in us a ready and fearless champion. Evidences of appreciation like the above are not thrown away, but encourage us to greater zeal in the advancement of what we consider the true position we should occupy as a commercial city of the Union.

The condition of the grain trade, both in Europe and America, is still marked by an unusual degree of caution, if not of uncertainty. The hesitation appears to arise in regard to prices rather than supplies. It is not yet known what effect the generally prosperous harvests will exercise on prices, and with the exception of a noticeable activity in the West, dealers manifest an unwillingness to incur risks until rates shall have hardened to an extent that will permit approximate calculations as to profits.

WOLFE'S
Schiedam Schnapps.
THE above Medicinal Beverage is manufactured by the proprietor, at his distillery, in Schiedam, Holland, expressly for medicinal use.
It is now some twenty years since the proprietor first introduced it to the American public, and during that time he has received over three thousand letters from physicians, indorsing it as the purest liquor they have ever used in their practice.
It is made from barley of the finest quality, selected with great care from the products of the most celebrated grain-growing districts, in favorable years, and of the aromatic juniper-berry of Italy, and is rectified by a peculiar process, which expels from the spirit every acrid particle.
As a means of preventing and correcting the disagreeable and often dangerous effect produced upon the stomach and bowels by a change of water—a visitation to which travelers, new settlers, and all unacclimated persons in the West, the South, and Southwest are peculiarly liable—the ROTTERDAM AROMATIC SCHNAPPS will be found absolutely infallible; while in cases of dropsy, gravel, obstructions of the kidneys, diseases of the bladder, stricture, dyspepsia and general debility, it is recommended most emphatically by the most distinguished members of the medical profession.
It is put up in quart and pint bottles, in cases, with the name of the undersigned on the bottle and cork, and a fac-simile of his signature on the label. For sale by all respectable druggists and country merchants.

WE are the Sole Agents for the sale of these unrivalled Gin Stands. For beauty of STAPLE, LIGHTNESS OF DRAFT, AND QUANTITY OF LINT COTTON turned out per day, they are unsurpassed. Reference can be safely made to every planter who has given them a fair trial. Where mule power is used, they make a saving of from one-quarter to one-third the draft over ANY OTHER GIN. Pratt's Southern Made Cotton Gin
THIS GIN is regarded by planters who have used it, as the best for sample, picking the seed clean and light draught. Planters cultivating bottom lands are requested to examine the Eureka Gin at Farrington & Howell's, 268 Front street. It will pay for itself in ginning fifty bales. A. N. Gunnison, manufacturer of the Steel Comb Gin before the war but now a planter, gives the following certificate:
"MEMPHIS, TENN., January 31, 1868.
"I take pleasure in recommending to planters cultivating Cotton on bottom lands of the Mississippi, Arkansas, White and St. Francis rivers, the Eureka Gin, made by Daniel Pratt, of Alabama. This Gin separates the hulls, bolls, etc., from the Seed Cotton, makes a good sample, and is superior to any other Gin for bottom lands. I have used one myself on a farm in Washington county, Miss., and it operates well and gives entire satisfaction in every respect. A. N. GUNNISON."
Orders for Gins, from 40 to 80 Saws and Gum Reliting, at Factory Prices, addressed to the care of FARRINGTON & HOWELL, 268 Front street, Memphis, promptly filled. Presses and Gearing put up, and Gins repaired by a skillful Gin wright. G. W. TRUEHEART,
